### **Wine On Trade AWARD for Blaifränkisch Barrique**

*A red wine of higher garnet colour with black reflexes. On the nose and palate, tinges of stone fruits and blackberries are coming first, supported by gentle tannin and delicate spice. The wine is harmonic, very well drinkable. It will be a stately partner for lighter sorts of roasted dark meats or for sorts of well ripe cheese.*

**We won at the international wine competition - VINALIES INTERNATIONALES PARIS 2010 Gold medal to our [MÜLLER THURGAU - Kabinett 2009](#)**

*Excellent white wine with green-yellow reflexes. On the nose, a flower of muscat with fruits tinges is recognized. On the palate we can find citrus fruits, gooseberries and grapefruit. We recommend this wine to salads, pastas or seafood.*

The event [Ze sklepa do sklepa](#) on March 27th, 2010 was attended by 3.763 winelovers. Great thanks to all of you, who visited the cellar No. 13 - Winery Petr Skoupil. We believe, that our wine absorbed you in so far, as you would come back to it with passion.

As usual, our winery attended the wine trade fair VINEX 2010 in Brno. We recognized a high interest in our wines.

At the wine competition, which had preceded the fair, our [Frankovka](#) Late Harvest 2008 won Diplom Grand Prix Vinex
